KIITS TECHNOLOGY

- Smart Infrastructure
- Industrial IoT
- Digital Transformation

WALVIS BAY, NAMIBIA

COMPANY OVERVIEW

"To bridge the technology gap by providing practical, reliable, and locally supported industrial technology solutions."

CORE FOCUS

Delivering Smart Infrastructure, Industrial IoT (IIoT), Industrial Networking, and Digital Digital Transformation solutions for critical industries.

VALUE PROPOSITION

Modernizing operations by integrating intelligent sensing, industrial communications, cloud-communications, cloud-based monitoring, and robust cybersecurity.

PARTNERSHIP APPROACH

Beyond equipment supply, we partner with clients to design, integrate, implement, and and maintain complete technology solutions.

COMPANY DETAILS

COMPANY NAME	Kiits Investment CC
REGISTRATION NO	CC/2022/09311
ESTABLISHED	2022
COUNTRY	Namibia
MANAGING DIRECTOR	Kristofina Kwedhi

VISION, MISSION & CORE VALUES

OUR VISION

“To become Namibia's leading provider of provider of Smart Infrastructure and Industrial IoT solutions, enabling industries industries to operate more efficiently, safely, and sustainably.”

OUR MISSION

“To empower organisations through innovative technologies that improve operational performance, enhance asset asset visibility, strengthen cybersecurity, cybersecurity, and support digital transformation.”

CORE VALUES

Innovation

Integrity

Customer Focus

Quality & Safety

Sustainability

OUR HISTORY

2022

THE FOUNDATION

Kiits Technology emerged from a vision to address the growing need for advanced and advanced and reliable technology solutions within Namibia’s critical industries. Our industries. Our founders recognized the potential of IIoT and smart infrastructure to infrastructure to revolutionize operational efficiency.

DRIVING INNOVATION

Embarking on a mission to provide accessible, locally supported, and cutting-edge cutting-edge technological services, we focused on bridging the gap between between traditional infrastructure and modern digital capabilities.

FUTURE AMBITION

Our goal is to be at the forefront of digital transformation in Namibia, empowering empowering businesses to leverage technology for sustainable growth and competitive advantage.

POWERING NAMIBIA'S CRITICAL SECTORS

OIL & GAS

Upstream, midstream, and downstream operations

Remote asset monitoring

Environmental sensing

Equipment condition monitoring

Industrial communication

MARITIME & PORTS

Port infrastructure & logistics operations

Refrigerated cargo monitoring

Fleet monitoring & fuel management

Advanced security systems

AGRICULTURE

Precision agriculture & soil monitoring

Irrigation automation

Weather monitoring

Livestock tracking

DIVERSIFIED INDUSTRIAL IMPACT

MINING

Specialized remote monitoring systems and systems and operational safety solutions solutions designed for harsh extraction extraction environments.

MANUFACTURING

Driving efficiency through process automation and implementing data-driven predictive maintenance strategies.

LOGISTICS

Enhancing supply chain visibility and real-time asset tracking to optimize movement across the region.

Tailored solutions for Namibia's most critical economic drivers.

IOT & NETWORKING SOLUTIONS

INDUSTRIAL IOT

Remote Asset Monitoring

Environmental Sensing

Fuel & Water Tank Monitoring

Predictive Maintenance

LoRaWAN Solutions

Cloud Dashboards

NETWORKING

Industrial Ethernet

Industrial Wi-Fi

Secure Remote Access

OT Network Segmentation

SCADA Communications

Wireless Industrial Comms

THE KIITS ADVANTAGE

Our networking solutions are engineered engineered specifically for harsh industrial environments, ensuring maximum uptime and military-grade grade security for your critical operational operational data.

ADVANCED TECH & SECURITY

CYBERSECURITY

OT Security Assessments

Network Hardening

Secure Remote Connectivity

Security Architecture Design

Awareness Training

SMART SECURITY

Intelligent Video Analytics

Access Control Integration

Perimeter Security

Remote Monitoring

CCTV Systems

EMERGING TECH

DIGITAL TWINS

Asset Visualisation

Operational Simulation

DRONE SERVICES

Infrastructure Inspections

Thermal Drone Imaging

TRAINING & INNOVATION

- Industrial IoT
- Industrial Networking
- LoRaWAN Technology
- Drone Operations
- Industrial Cybersecurity

OUR PHILOSOPHY

"Technology is only as effective as the people who operate it." We are committed to building local technical capacity in Namibia, ensuring industries are supported by a future-ready workforce.

Our facility provides a sandbox environment where clients can test test new technologies, simulate operational scenarios, and the latest industrial systems before full-scale deployment.

LEADERSHIP TEAM

KRISTOFINA KWEDHI

MANAGING DIRECTOR & FOUNDER

Brings strategic vision and entrepreneurial spirit, responsible for setting the company's direction and fostering key partnerships to drive innovation.

MANUEL L. JOÃO

TECHNICAL MANAGER

A seasoned IT professional, leads the technical operations, overseeing the design and and implementation of robust technology offerings.

"Our leadership is committed to building a sustainable technology ecosystem that ecosystem that empowers Namibian industries."

WHY PARTNER WITH US?

END-TO-END SOLUTIONS

From initial consultation and design to implementation and ongoing support.

LOCAL SUPPORT

Responsive, reliable support tailored to the Namibian industrial landscape.

SCALABLE SYSTEMS

Solutions designed to grow with your business, ensuring long-term value.

Unlock new levels of operational excellence.
